

SCIENTIFIC PROGRAM

3rd International Conference on Infectious Diseases & Virology

Infectious Diseases 2026 | August 07-08, 2026

Online Conference Time Zone: GMT+0 (London, UK)

Day 01, August 07, 2026

10:25-10:30

Opening Ceremony

Keynote Speaker Session

10:30-10:55

Title: Advanced Research on LysM Domain-Containing Proteins: Functional Mechanisms and Roles in Pathogenicity of Plant Fungi

Jiliang University, China.

10:55-11:20

Title: Genomic Epidemiology of ESBL and Non-ESBL-Producing Escherichia coli Across One Health Interfaces in Oman

Hibatallah Sultan Al-Habsi, Central Laboratory of Animal Health, Muscat, Oman.

11:20-11:45

Title: The Impact of NOS3 (rs2070744), FGB (rs1800790), And Tmprss2 (rs12329760) Gene Polymorphisms On General And Cellular Reactivity In Patients With Covid-19.

Maksym Sokolenko, Bukovinian State Medical University, 58012 Chernivtsi, Ukraine.

Plenary Speaker Sessions

Sessions

**Infectious Diseases | Pulmonary infections | Tuberculosis | STD and HIV Infections|
Gastrointestinal infections | Epidemiology and Public Health | Orthopaedic Infections|
Vaccines and Vaccination | Nosocomial infections |**

Session Chairperson	Title : : Genomic Epidemiology of ESBL and Non-ESBL-Producing Escherichia coli Across One Health Interfaces in Oman
	Hibatallah Sultan Al-Habsi, Central Laboratory of Animal Health, Muscat, Oman.
11:45-12:10	Title: Combined Immunotherapy for Patients with Advanced Hepatocellular Carcinoma: Where are we now?
	Li Hoi Lam Karen, The University of Hong Kong, China
12:10-12:35	Title: Molecular Epidemiology of Toscana Virus in Northern and Central Italy Using Metagenomic Next-Generation Sequencing
	Giulia Alessandri University of Italy,Italy
12:35-01:00	Title: Yeast-Derived Postbiotics for Prevention of Enteric Diseases in Farm Animals: Current Insights and Future Perspectives.
	University of Navarra, Spain
01:00-01:25	Title: Implication of Epigenetic Alterations of ZEB1 in Colorectal Cancer (CRC) Pathogenesis and Therapy Development
	Tasnima Kamal, University of Rajshahi, Rajshahi, Bangladesh
01:25-01:50	Title: Diazotrophic Bacteria and Nitrogen Fertilization on ATPase Activity in Micropropagated Pineapple Plantlets During Acclimatization
	Fluminense State University Darcy Ribeiro (UFENF), Brazil,
01:50-02:15	Title: Kombucha as a Bioactive Functional Beverage: Current Evidence, Production Challenges, and Future Perspectives
	Manuel L. Sánchez, University of Salamanca, Salamanca, Spain
02:15-02:40	Title: Tumor-Intrinsic PD-L1 Promotes Breast Cancer Proliferation Through Livin and Galectin-1-Mediated Regulation of SKP2 Expression
	King Faisal Specialist Hospital & Research, Riyadh.
02:40-03:05	Title: Development and Validation of a Quantitative RT-qPCR Panel for the Detection and Monitoring of Polioviruses in Wastewater Samples
	Linnet Immaraj, University of Alberta, Edmonton, Canada
Poster speaker Session	
P001	Title: Patterns and Outcomes of Alcoholic Liver Disease (ALD) in Oman: A Retrospective Study in a Culturally Conservative Context
	College of Medicine and Health Sciences, Sultan Oman.

P002

Title: The Molecular Epidemiology of Hepatitis B Virus and Its Resistance-Associated Mutations in the Polymerase Gene in the Americas

Itzel A. Ruvalcaba , Centro Universitario de Ciencias de la Salud, Mexico

End of Session

Awards & Closing Ceremony

Researcher Conferences

82 James Carter Road London, England – IP28 7DE, UK, Ph: +44 7418356876
